

"Creative & Challenge"

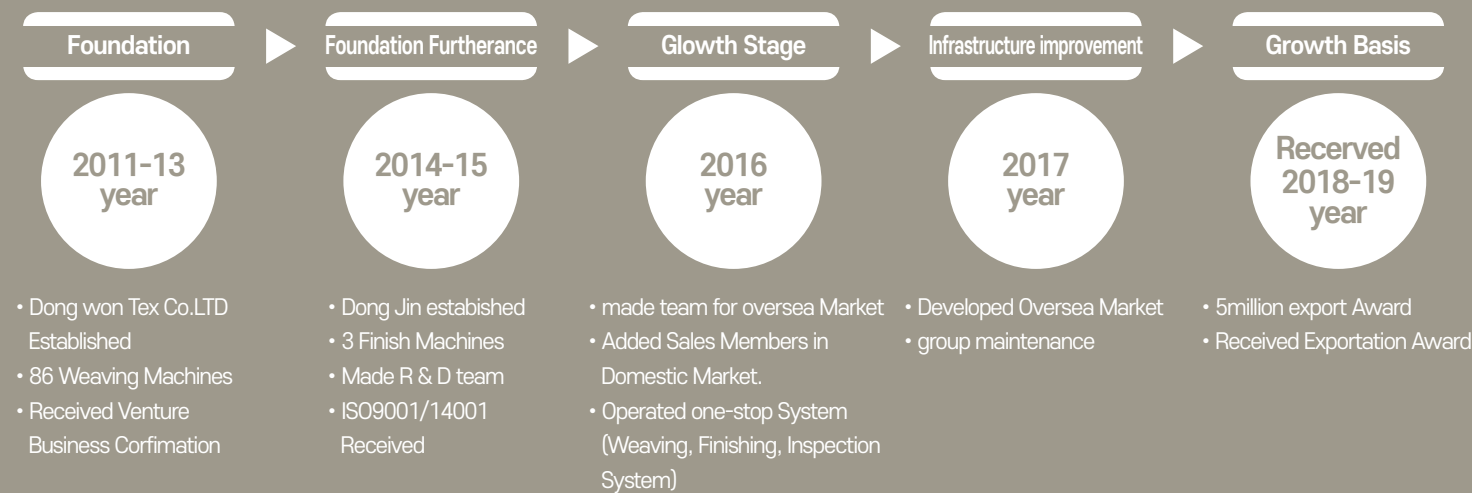

Dongwon always strives to challenge and create new things. We are already loved by developing the world's first combi fabrics and we are constantly striving to become a leading company by continuously developing various products.

"Top of the World"

We will always grow to be the world's best company by realizing customer satisfaction with the best products and services with the aim of always being the best.

"Growing Together"

We will strive to become a company that grows and develops with customers by constantly thinking about customers and constantly striving to become a company that pursues customer value creation, rich life and happiness.

COMPANY INTRODUCTION

DONG WON TEXTILE CO.,LTD

**Blackout
Combi**

The gap in width between vane part and sheer part, which enhances the efficiency rate of blocking light. Besides, the product knitted with one-tone dope dyed yarn offers a modern and elegant image.

FEEL THE DIFFERENCE

**Blackout
Roll**

A roll black out Fabric makes an interior atmosphere look luxurious and elegant and generates a bright Feeling.

**Elegance
Combi**

Evolution from a culture that covers light to a culture that enjoys light! It is a magnificent work of mobilization that suggests the interior space more modern and elegant under the theme of light and space.

Foam Blackout Roll

Fresh colors used on the front side create a rich and lively atmosphere while Fabrics block 100% light white colors on the back side give a sense of harmony when viewed from the outside.

**Net
Combi**

This product combines only the advantages of roll screen and blinds, and a new concept blind that allows two layers of fabric to cross each other for privacy protection and light control !

Pleated

Pleats offers an excellent contrast to the vane color and provides a light and bright modern feeling without splashing too much.

Roll Screen

The fabric can be rolled up and down on the roll up and down to adjust the light and block the view. Roll screens are not sensitive to fashion and durable fabrics.
